Summary

Electronics and Telecommunication engineering student at PICT with hands-on experience building full-stack MERN applications. Skilled in React, Node.js, Express, MongoDB and REST APIs, with projects spanning both frontend and backend development and exposure to AWS-based solutions. Active in the AWS Student Builder Group, with strong leadership and event coordination skills.

Education

Pune Institute of Computer Technology 2024 – 2028 (Expected)
B.Tech in Electronics and Telecommunication Engineering *CGPA: 8.47/10*

Lady Anusuya Singhania Educational Academy 2021 – 2023
CBSE (Class XII) *79.20%*

Pinnacle International School 2020 – 2021
SSC (Class X) *95.00%*

Experience

AWS Student Builder Group, PICT Jul 2026 – Aug 2026
Frontend Developer Intern *Pune, India*

- Worked as a Frontend Developer Intern on the AWS IaC Drift Detective project, a serverless platform for monitoring AWS CloudFormation infrastructure drift.
- Built the React dashboard to visualize infrastructure health and detected configuration drift.
- Integrated the UI with backend APIs and collaborated with team members to deliver the project.

Projects

MOODNEST — React, Vite, Tailwind CSS, Node.js, Express, MongoDB, Socket.io, JWT, Cloudinary Project Link

- Contributed as Frontend Developer to a Pinterest-inspired visual content sharing platform with boards, pins and an explore feed.
- Built responsive, reusable React UI with Tailwind CSS and React Router, covering protected routes, image upload and board management screens.
- Integrated REST APIs via Axios and real-time chat via Socket.io client, with toast notifications for a smooth user experience.

RE:LIFE — React, Node.js, Express, MongoDB, AWS (Bedrock, S3, Amplify) Live Demo

- Contributed as Backend Developer to an AI-powered platform that recommends repair, reuse, donate, resell or recycle paths for old electronics.
- Built secure REST APIs for authentication, device assessment, recommendations, repair-vs-replace comparison, data-safety checklists and verification certificates.
- Implemented request validation, rate limiting and automated tests to keep the backend secure and reliable.

SAR NARRATIVE GENERATOR — MERN, Node.js, Express, MongoDB Project Link

- Contributed as Backend Developer to a web app that automates Suspicious Activity Report (SAR) narrative writing.
- Implemented Node.js and Express backend logic to process form inputs and generate structured narratives instantly.
- Used MongoDB to securely store and manage generated reports, reducing manual effort and ensuring consistency.

AWS IaC DRIFT DETECTIVE — AWS, Lambda, CloudFormation, Bedrock, DynamoDB, SNS, React Project Link

- Contributed as Frontend Developer to a serverless platform that monitors AWS CloudFormation infrastructure drift.
- Built the React dashboard to visualize infrastructure health and detected configuration drift.
- Displayed Bedrock-generated, human-readable drift explanations and historical drift records fetched from backend APIs.

Technical Skills

Programming Languages: Java, C++, JavaScript, C

Web Technologies: React.js, HTML5, CSS3, Node.js, Express.js, Tailwind CSS

Databases: MongoDB, SQL

Core Subjects: Data Structures & Algorithms, Object-Oriented Programming, Database Management Systems, Computer Networks

Developer Tools: Git, GitHub, VS Code, Eclipse, Postman, Thunder Client, Cloudinary, Vite

Concepts: REST APIs, JWT Authentication

Achievements

IoT Genesis Ideathon : Ranked in the **Top 30** among 100 teams at Vishwakarma Institute of Technology Pune

Leadership & Extracurriculars

Head of Events, AWS Student Builder Group PICT: Coordinated and managed technical events, overseeing event planning, speaker coordination, participant engagement, and on-ground execution.

Point of Contact (POC), INC – Impetus and Concepts: Coordinated communication and operations for a technical college event, managing participants and event activities.

Overall Coordinator, Pictofest (Pictoreal Club): Organized and managed a college level art event, coordinating logistics, team members, and event execution.

Event Anchor, Manthan: Hosted and conducted event proceedings, ensuring smooth flow and audience engagement.
